Ann Arbor Academy

Mission

The mission of Ann Arbor Academy is to help students who have not found success in traditional learning environments grow in self esteem and academic skills.

Philosophy

We believe that:

- Children want to learn
- Some brains work differently than others
- There are no lazy students, just barriers to learning
- Students thrive on success
- Success in learning is its own reward
- Our students are wonderful, unique, and gifted with the opportunity to see the world a little differently than their peers

Ann Arbor Academy is a private non-profit school organized as a 501(C)(3) corporation. The Academy does not discriminate on the basis of religion, race, color gender, age, sexual orientation, marital status, national or ethnic origin.

A Message from Our Executive Director

Dear friends and family of Ann Arbor Academy,

Welcome to our annual fundraising auction! Tonight is an opportunity to learn about the impact the Academy has on students' lives, and to help more students access the excellent education offered by this incredible school. Your contributions tonight will help students who otherwise would not be able to afford the school receive the individualized, comprehensive education we offer, and for that we are very grateful.

There is a lot of concern about the standardization of education, as exemplified by high stakes testing and an obsession with measuring things that often cannot be quantified. An education that recognizes and celebrates each student as an individual, and teaches them to build on their strengths, shouldn't be hard to find, but, unfortunately, is. Children are like anyone else - they need to feel engaged and competent, and as if their presence is valued and celebrated. The cookie cutter approach to education does not work for students who learn differently, and many students respond poorly to educational pressure generated not by authentic learning, but by a narrow focus on improving test scores.

Ann Arbor Academy is different, and this shows every time a struggling student grows into a confident, capable young adult because they received an education that allowed them to recognize and build on their strengths. The power of providing an environment that is engaging, safe, and fun to learn in, combined with a differentiated approach to learning, allows students to achieve in ways that cannot be measured by any test, but that are lifelong gifts that they take with them out into the world.

We are growing, and hope to move into a new building in the near future, which will allow us to offer an Ann Arbor Academy education to more students. This is a very exciting time for the school, and we're glad you're with us on our journey.

Meredith Schindler, MS
Executive Director, Ann Arbor Academy

8 Honest Eats Farm CSA Share

Do you know your farmer? It shouldn't be easier to hit a drive-thru than it is to eat safe, nutritious food grown by someone you can shake hands with. With a membership share in the Honest Eats Farm LLC 2014 Summer CSA session, you will receive one or two grocery bags of local, organically grown vegetables delivered to your home or office for 20 weeks. The season begins June 19 and finishes on October 30. CSA (Community Supported Agriculture) has become a popular way to buy local, seasonal food directly from a farmer and creates rewards for both the farmer and the consumer.

Donor: Bill & Deedra Bass Donor Value: \$600.00

9 UM Museum of Art Director's Tour for 4

This is a very special offering--a guided tour for up to 4 of the Museum of Art given by the Director, Joseph Rosa, with lunch. Includes a UMMA Supporter Membership. UMMA has been cited by the New York Times as an essential destination if you have only 36 hours to spend in Ann Arbor. Includes a catalog of the Florencia Pita/FPmod exhibit, a Supporter Membership, and a UMMA tote bag.

Donor: University of Michigan Museum of Art
